

I was re-reading my directions and realized I made a mistake. . . . The Sprint campus is bounded by 115th on the North, not 117th. Everywhere I mention 117th it should really be 115th. Sorry for any confusion.

Thank You

The LNPA meeting is being held in building 6360, conference room 1C269. When you come into the building there will be a security guard that can give you directions to 1C269. For those that have been to LNPA meetings at the campus, it is the same room I have reserved the past couple of times I hosted at the campus.

Use parking garage L or M. The parking garages and building 6360 are on the west side of the campus. The closest entrance to parking garages L or M is on Glenwood. The campus is on the East side of Metcalf and West of Nall in between 117th St. and 119th St. You can get to Glenwood from either 117th or 119th. If coming from 117th it would be the 2nd entrance on the right, and if coming from 119th, it is the 1st entrance on the left. Also many of the hotels in the area offer a shuttle service to the campus.
