

Logistics for the July 2012 meeting hosted by the Canadian LNP Consortium.

The attached invitation to the July LNPA includes all of the pertinent information wrt the logistics which we have arranged. There is also a reservation form which participants may opt to use when making their reservations with the hotel. I would appreciate it if you would please distribute this letter to the LNPA participants and remind them that **a valid passport is required for travel between Canada and the United States**. Participants should **also carry a copy of the invitation** letter just in case they are challenged by Canada customs regarding the nature of their visit.
