### LNPA WG PARTICIPANTS ACTION ITEMS:

**090115-01:** NANC Change Order 356 has been removed from the Sunset List. This change order appends a “/” followed by service provider type indicator to the name of the service provider in the NPAC/SMS. The LNPA Working Group is considering putting this change order back on the Sunset List (to be removed from the NPAC/SMS). Service providers are to respond by September 30, 2015, to the LNPA WG tri-chairs as to whether or not they use this feature. No response will indicate that it is not used. *(This AI is associated with AI 090115-04.)*

**090115-02:** All Service providers (especially VoIP providers) need to review the NANC porting flows to determine if any changes need to be made to the porting flows to accommodate the FCC VoIP order. Pay special attention to the VoIP type definitions. Responses are due by October 9. This will be for discussion at the October 14 conference call. No response means that there are no issues.

**090115-03:** Upon receipt of the anticipated CCA and CTIA paper on nationwide wireless number porting, Paula Campagnoli will immediately send it to the LNPA WG distribution list. A conference call will be scheduled for review and discussion of the draft document. (A tentative date/time of September 17 at 9am central time is reserved for the conference call.)

### NUESTAR ACTION ITEMS:

**090115-04:** Neustar to send Action Item 090115-01 over the Cross Regional distribution list in case NANC Change Order 356 is used by service providers not attending the LNPA WG meetings. *(This AI is associated with AI 090115-01.)*
